

VALENCISO

RESERVA

2007

"The 2007 Valenciso Reserva is pure Tempranillo ...fermented in cement vats with native yeasts, and aged for 16 months in French oak barrels, one third of which are new...with subtle and elegant notes of red and black fruit, cedar wood, nutmeg and vanilla. The characteristic that strikes me as more important here is the balance, something that Valenciso seems to be quite good at, producing classically proportioned wines with the right amount of extraction, acidity and wood. It should age very well..."
